

INFOGRAPHICS 2 CULTURAL AND CREATIVE INDUSTRIES IN NUMBERS

The creative economy is estimated to be worth \$985 billion with no signs of slowing down.

The cultural and creative industries employ 8.7 million people in the EU. That is 3.8% of the total workforce in the EU.

G20 Insights predicts that the creative economy could account for 10% of global GDP by 2030. Deloitte believes we will see up to 40% growth in creative sectors by 2030.
